

Faculty Development Programme On “Contemporary Research”

Srusti Academy of Management had organized a Faculty Development Programme (FDP) on the topic “Contemporary Research” on 27.04.2018. The resource person for this programme was Dr. Twinkle Prusty, Associate Professor, B.H.U. Dr. Prusty during the FDP session suggested various tips to

the faculties related to research, publications as well as how to devote oneself in various other such academic activities. Dr. Prusty, in very simple terms and with relevant examples enumerated the steps of today's contemporary research. She stressed upon the relevance of literature review which ultimately forms the basis of conducting a research study. The literature review helps in the formation of Research questions which results in the formulation of hypothesis.

She insisted that faculty members should always try to go for an empirical research rather than a simple qualitative research. The session was highly interactive and the faculty members gained a fruitful insight on the outline of contemporary research. The session ended with the vote of thanks proposed by Dr. Pragyan P. Sarangi, Associate Prof. Fin. & Mkt.
